

APPLICATION FOR DEGREE PROGRAMS IN CHEMISTRY OR BIOCHEMISTRY

Information on degree programs and admission pathways is available at:

<http://chem.washington.edu/undergraduate-admissions>

Instructions

1. Ensure that you have completed all prerequisite courses. If you are transferring credits from a WA community college, you can check equivalency at:
<https://admit.washington.edu/apply/transfer/equivalency-guide/>
2. Write a 500 word (maximum) personal statement describing your background, interest in pursuing a degree in Chemistry or Biochemistry, and any life experiences that have influenced your academic interests.
3. Submit your application:
 - o Current UW Students: Please submit your application online at:
<https://pluto.chem.washington.edu/ugadmission/student/studentform.aspx>
(If you are unable to submit online, please complete this form and submit your application materials via email to advisers@chem.washington.edu.)
 - o Potential UW Students: Please complete this form and submit your application materials via email to advisers@chem.washington.edu.
 - o Application form
 - o Unofficial transcript(s)
 - o Personal statement
